

# PANTHER SENTINEL

HARTNELL COLLEGE

Volume XXIX

Salinas, Calif., Friday, Feb. 19, 1960

Number 12

## Hartnell's Festival of Arts Series To Begin In March

For the first time at Hartnell, the Festival of Arts Series will be presented during March and parts of May. The series will consist of four categories: Science, Art, Drama and Music.

The Science lectures will be presented March 4, 11 and 25. At the first lecture March

4. Dr. James F. Wilson will discuss the "New Frontiers of Biology." Dr. Wilson, who received his doctor of philosophy degree in biological sciences at Stanford in 1958, was the recipient of a grant of \$21,000 from the National Science Foundation to carry on research in the area of genetics. He is an instructor of biological sciences at Hartnell.

### Science Lectures Continue

The second science lecture will be presented March 11 by Dr. Jerome K. Holmes. Dr. Holmes will lecture on "The Impact of Chemistry on Modern History." Dr. Holmes, who received his doctorate in chemistry at the University of California, is now the chairman of the science department at Hartnell. He is also a member of the American Chemical Society and the American Association for the Advancement of Science.

The third and final science lecture will be presented on March 25 by Mr. William Bullis. Mr. Bullis will lecture on "The Ef-

fects of Weather Cycles on Human Behavior." Mr. Bullis, who received his master's degree at Oregon State College in electrical engineering and physics, is now an instructor of engineering at Hartnell. He has been employed in the capacity of engineer at the Missile Range Division of the test department of the Naval Ordnance Test Station at China Lake.

All of the science, art and music series will be presented in the main reading room of the Hart-

nell Library at 8 p.m. on the dates above and below. The drama excerpts will be presented in the Little Theatre on the college campus.

### Other Lectures

Art, music and drama will be presented on May 6, 13, 20 and 27.

The art lecture will be May 6. The lecture will consist of an illustrated lecture and art exhibition of art by Dr. Charles Lindstrom, a director of the DeYoung Museum in San Francisco. Dr. Lindstrom's lecture will involve the principles of the general culture of the Renaissance in Italy, emphasizing the visual art, sculpture and art. Dr. Lindstrom will also bring a large painting from the Renaissance era, "The Holy Family With St. Francis, Saint Mary Magdalene and the Donor," by Bonifazio Veronese, a Venetian master of the sixteenth century. The style of the Venetian school was with the landscape background. Dr. Lindstrom will also bring a bronze cast of a Renaissance sculpture and a large brocade.

### New Vic Players to Perform

The first drama production will be presented on May 13 by the New Vic Players from Los Angeles. They will present "Caviar to the General," excerpts from Renaissance plays. The excerpts will include scenes from "Henry V," including "Henry's wooing" (Continued on Page 2)

## AGS Announces 33 New Members

Thirty-three Hartnell students have met the high academic qualifications for membership in Alpha Gamma Sigma, California Junior College Scholarship Society.

Such distinction, highest attainable in J.C. study, was based on first semester grade results.

To become eligible for temporary membership in Alpha Gamma Sigma, a student must meet the following standards:

1. Be enrolled in not less than 12 units at end of the semester.
2. Earn not less than 45 grade points.
3. Earn not less than 3.0 grade point ratio.
4. Be enrolled in not less than six units of academic college transfer courses as of the end of the semester.
5. Receive no grade lower than a "C," even in P.E. courses.
6. Be in good standing with the faculty and administration of the college.
7. P.E. courses are not counted in determining the minimum units, the total grade points or the grade point ratio, although a grade "D" or "F" in P.E. will disqualify a student from temporary membership, or permanent membership.
8. The failure to meet one or more of the above standards disqualifies a student from temporary membership.

Hartnell students who qualified for the Alpha Gamma Sigma are Robert Alread, Linda Alsop, Bill Au-Yang, Barbara Boyce, M. R. Bye, Robert Christiansen, Kathleen Cline, Mary Jo Colvin, Linda Euliss, Dorothy Fleming, Don G. Gardiner, Don Gilchrist, Roger Giles, Barbara Gillott, Marion Howells, Judy Lucas, James Maloney, L. C. McElhaney, Lyndon Meader, Donald Menees, Patricia Rosson, Dick Shaw, Violet Shiratsuki, Darryl Simoens, Gerald Slibssager, Renee C. Smith, Michael Sparkman, William Stretch, Leroy Strong, Bunny Umbaugh, Nancy Willis, David Wynne and A. Kirkwood Young.

## Coach Accepts New Mexico Bid

Hartnell head coach Ken Blue, Tuesday accepted the position as backfield coach at the University of New Mexico at Albuquerque.

Coach Blue, who will begin his new duties next week, will work under Bill Weeks, recently elected head coach.

Coach Blue first came to Hartnell in 1954 when he succeeded Coach Dick Voris, who is now coach at the University of Virginia.

His greatest triumph at Hartnell was in 1958. The team went through an undefeated season and barely missed the Junior Rose Bowl. This year, Coach Blue's squad climaxed the football season with the Alfalfa Bowl victory. (Continued on Page 3)

### Open Letter to Coach Blue

We would like to offer our sincere congratulations to you! We're sorry to see you leave but are happy that you are moving on to higher things. We feel that you are truly deserving of the New Mexico position.

You were more than just a coach around campus, you were friend, teacher, adviser and "good guy."

We know you will do well at the University; you have what it takes to succeed with your knowledge and love of football.

We'll always remember you for the tremendous amount of service you've rendered. We wish you the best of luck for always.

The Hartnell College Student Body

## They'll Never Make the Follies!

Male can-can shown above will perform at the "Freshman Cavalcade" this morning in the Little Theatre. All the talent is from the Freshman class and under the direction of Sam LoBue, Freshman president. Members of the chorus are, left to right, Leo Bond, Charlie Elder, Don Fahey, and John Fitzwater. Included in the lineup but missing from the photo is Burdett Messenger.

## First Frosh Assembly To Be Given Today

Today, at the student body assembly, the Frosh Cavalcade of Talent will be presented in the Little Theatre.

Students will hear the voice of Darla Harris and will see Marie Ricca and Sam LoBue in a soft-shoe routine.

The hidden talents of Larry Heer, in a hilarious monologue; and Virginia Hayes will be introduced for the first time, on this show. Also participating are Carol Sue Burns and Laurel Lee Hester.

No show is ever complete without the famous French chorus line. Beautifying the can-can are Linda Brauch, Jenny Pomo, Pat Bardo, Audrey Boutte, Sue Patton, Virginia Hayes, Sandy Cooper and Bev Stolic.

Retaliating the female chorus line will be a farce can-can by Don Fahey, Charlie Elder, Leo Bond, Burdett Messenger and John Fitzwater.

Live music, accompanying the vocal and dance numbers, are by Barry Robertson, former band leader of the Sophisticates; Jan Woodward, Dave Satre, and John McKay.

Most important, in holding a show together, is the need for a great master of ceremonies. Paul Rauscher has been chosen for this position.

So drop in the Little Theatre at 11:40 today, for a truly remarkable and unforgettable talent show, the Frosh Cavalcade of Talent, presented by the freshman class of Hartnell College.

## Clerical Positions Open to Students

For the first time since 1954, an examination for high level clerical positions has been announced by the Twelfth Regional Office of the U.S. Civil Service Commission.

With starting salaries ranging from \$313 to \$374 per month, qualified applicants will be appointed to fill vacancies in the fields of personnel, statistics, supply, traffic, transportation, and other work of a general clerical nature. Candidates will be considered for a wide range of challenging assignments at such Federal activities as the U.S. Bureau (Continued on Page 2)

## SB Positions Open; Elections Next Month

Posters bearing pointedly-put words will advertise the qualifications of candidates seeking one of the six top student government offices early next month. These offices will be vacated at the end of the semester.

Contested positions include student body president, secretary, sophomore class representative, commissioner of rallies and assemblies and commissioner of the student store.

Office seekers must have a 2.0 grade point average and carry a minimum of 10.5 units per semester. They may initiate their campaigns by securing petitions from Miss June Handley's office beginning March 7. The petitions must be signed by 50 students and returned to Miss Handley's office before March 7.

Pre-election activities will culminate at the March 18 assembly and end at the general election on March 21-22. Runoffs will be held on March 24-25.

## Trustees Picked For Phelps Fund

The Student Body Commission has appointed trustees for the Roy Phelps Fund Drive, according to Miss June Handley, Dean of Students. The trustees include two students and two faculty members: Bob Braun and Darla Harris, students, and Mr. Stuart Dufour and Miss June Handley, faculty.

One of the duties of the trusteeship of the drive is to sign all requests for money from the fund. Approximately \$215.00 has been donated thus far by Hartnell students and clubs.

## Editorial

## New Semester Under Way

Finals were rough, but most of us made it. To the new students, we would like to say that we hope you will get to like Hartnell during your stay here.

The staff is determined to bring to its readers as complete a coverage of the campus news as possible. This is a student newspaper, however, and we would like to encourage students to express their opinions on any subject of interest to the student body. The letters may criticize, but they may also offer suggestions and praise.

Letters should be brought to Room 9 or may be given to any member of the Panther Sentinel staff.

## Basketball Attendance Low

The attendance at our basketball games this year has seemed to be almost non-existent. The least we can do is get out to see our boys play and give them our support. Our team is doing well, but it needs to feel that the student body is behind it. The students who do attend the games are doing their share, but we need more students at the games.

## Return Your Library Books

The list of people with overdue books at the library seems to be growing. The average student should be able to read a book in two or three days. Why, then, must books be kept over two weeks?

Reference books especially should be returned as soon as possible. Keeping a reference book for an unnecessary length of time is probably the rudest thing anyone can do to his fellow student. How would you like to wait for the books?

## New Withdrawal Process Declared

The new withdrawal procedure for Hartnell students was announced at a recent faculty meeting by Mr. Stuart Dufour, vice-president of Hartnell.

"When a student withdraws from college, he should

secure a withdrawal request from his counselor. A student may withdraw from one or more classes at any time during the first nine weeks of the semester and receive a grade of "W" regardless of the quality of his work at the time of withdrawal. After the ninth week, a student may not withdraw from a class unless he terminates his entire semester program and withdraws from all his classes. If he does this, he will receive one or two grades, "W" or "F" in each class.

He will receive a grade of "W" if, in the judgment of the instructor, he was passing in the class at the time of withdrawal. He will receive a grade of "F" in any class in which he was not passing at the time of withdrawal.

If a student leaves the college without filing a withdrawal form, he will be given a grade of "F" in each course in which he was registered at the time of his leaving.

Any exception to this withdrawal procedure will be made by the Academic Council acting upon a petition from the individual student.

Mr. Dufour also announced that

Advertising Manager \_\_\_\_\_ Mel Thompson  
Staff Members: Susan Knepper, Sam LoBue, Stanley Nassci mento, Violet Shiratsuki, Ron Thompson.

Associated Staff Members: Linda Alsop, Tom Alderson, Judy Wong.

Adviser \_\_\_\_\_ Mr. Paul Johnson

## Front Row, Center

By Judy Wong

The breeze was sharp and crisp . . . the sky was clear and challenging . . . fireworks flashed through the sky . . . 2,000 doves representing peace were released . . . cannons blasted . . . trumpets blared and 5,000 singers and musicians gave out with a moving melody. Finally, a lamp was lit. The next moment, amidst the applause and shouting of thousands of spectators, the Eighth Annual Winter Olympic Games were launched.

All the above activities had just taken place yesterday and were the traditional fanfare to officially open the 10-day extravaganza at Squaw Valley, Calif. Due to the tremendous effort of Alex Cushing who swayed the games to the lonely stretch of wilderness, the event will make an encore in the United States; the only other time the games were held in U.S. was at Lake Placid, N.Y., in 1932.

Eight million dollars went into transforming the lonely Sierra land into a mass of complex facilities. A structure of beauty and wonder is the 8,500 capacity Olympic arena. Another thing unusual is that for the very first time, the 800 athletes representing the 34 nations participating will live together in Olympic Village, complete with shops, a theater and bank.

When the whole thing comes to an end, the only thing for the big brass of the whole event is the numerous bills that will need to be cleared up. But with a few touches here and there, the experts say that it could be easily converted into a comfortable college.

## Fun . . . Fun . . . Fun . . .

For those who are getting bored with spending their summers just loafing or chasing butterflies in the backyard, I offer something new to meditate over. Bachelor Party Tours, Inc., of New York, is conducting a bachelor party to Europe for college students only this summer vacation and it really should be a worthwhile experience for anyone who has a lot of extra time and super healthy bank account.

Sixty-one days will be spent visiting Holland, Germany, Switzerland, Italy, Monaco, France, England and Belgium. The trip's purpose is to offer to single and fun-loving persons a well-balanced program of sightseeing, leisure time and special evening activities which include a beer party at a student inn at Heidelberg, a Tyrolean evening, a Swiss Fondue party, a pub crawl in London, dinner on top of the Eiffel Tower, a visit to the fabulous casino in Prince Ranier's kingdom, an opera under the stars in Rome, a moonlight gondola serenade in Venice and many, many more exciting moments.

The entire cost of the trip, which is over the Atlantic on the U.S.S. "Waterman" is under \$1500. The trip should be a riot and as Esquire comments, "Excellent Buy," and "Mademoiselle" adds: A fun tour with the accent on parties and people, rather than just places." How utterly true. . .

## It's Here . . .

This is the Frosh week and that the college has been waiting for all year long. Sam LoBue, freshman class president, has done a terrific amount of work in organizing the "Frosh Cavalcade of Talent" and the show this morning should be a great one, so

## LITTLE MAN ON CAMPUS

## Marine Biology Class Ventures On Various Field Trips

Seventeen marine biology students braved wind and wet weather last Feb. 9 to search for animal and plant life at Carmel Beach and Carmel Point.

Their field trip was unexpectedly complicated by the worst storm of the season, which slammed waves 20 feet high onto the beach.

Purpose of the wild and wet expedition was to make a survey of animal and plant life at low tide. Digging in the sand was impossible, but members were able to find specimens washed on the shore. Mingled with the kelp tossed up by the storm were live and dead animal life including crab, starfish, sponge fish, rockcod, and many others.

## Unknown Fish Found

One interesting fish, reddish in color, "was a deep sea fish," Dr. Howard Feder, marine biology instructor, said, "that was uprooted by angry seas." Rumor has it that Dr. Feder is going through the library stacks trying to identify it.

Later that afternoon the group moved to Carmel Point where it

don't miss it. It's in the Little Theatre and only a limited number of seats is available. Rumor has it that the performers are really top notch; they've been practicing for weeks.

found pistol shrimp and feather duster worms. A rare swimming clam was discovered. Dr. Feder stated, "I believe that none of this species has ever been found in this area before."

The first field trip taken by the marine biology class was on Feb. 23 at Carmel Beach. This date, Dr. Feder said, "will be a good time, because the tide will be very low. By this time students will have studied twenty-five shore animals in class and will be prepared for the coming trip."

## Chappell Sinks Casaba

■ Joe Chappell, number 20, jumps high into the air at the Hartnell-Vallejo game Saturday, Feb. 13, to dunk a basket. Sal Martinez, 25, and Gary Dauberg, 42, are hoping he makes it. This game was the second league win for the Panthers this season. Score was 70-67.

## Dramatists Give British Whodunit

Cast for the latest Hartnell College-Community Playhouse production, "Witness for the Prosecution," by Agathie Christie, has been selected, according to Mr. Hal Ulrici, drama instructor.

The play concerns the story and trial of Leonard Vole who is being tried for the murder of an elderly spinster. In the elderly woman's will, the deceased bequeathed her entire estate to the young Vole. At the trial, the evidence seems to be against him, but his openness defies the guilt.

### Cast Named

Cast consists of Leonard Vole, played by Mr. Michael Buntin, former San Francisco State student who has played in past Playhouse productions, and is now a student at Hartnell. The key female role of Mrs. Romaine Vole is portrayed by Mrs. Carol Lubin. Mrs. Vole is the key witness in the trial. Sir Wilfred Roberts is played by Lloyd Eble. Sir Wilfred is a very eminent barrister. The prosecuting attorney, Mr. Myers, Q.C. (Queen's Court) is played by Mr. Jack Johns, real estate salesman from Salinas.

Mrs. Eva Tavernetti plays Mrs. Jane Mayhew, district attorney on the defense council staff. Inspector Hearne is played by Robert Grossman, Hartnell sophomore. Justice Wayne Wright is played by Charles Drew, Hartnell freshman; Miss Janet McKenizze is portrayed by Mrs. Esther Zorman, Spreckels. Mrs. Carter is played by Marion Lewis, and Greta by Lynne Tavernetti.

Other members of the cast include Michael Mertz, Miss Bonnie Bradshaw, Mrs. Ellen McVay, Judi Jenkins, Hartnell Student; Miss Marion Marrow and Mr. William Gamble.

The stage crew consists of Mr.

## East Campus News Briefs

Two new teachers have been added to the East Campus faculty. They are Mr. Carl Jennings and Mr. Richard McBride. Mr. Jennings teaches carpentry on Wednesday nights while Mr. McBride teaches carpentry on Thursday nights.

With the increase of teachers on East Campus, there has also been an increase from one to three night classes in carpentry. All three of these night classes are filled to capacity. The welding classes are also filled to capacity, and both carpentry and welding have waiting lists.

Hartnell East Campus consigned five Hampshire gilts, which are young swine, at the 1960 California Bred Gilt Sale on February 6. In addition, Hartnell purchased the champion Yorkshire gilt, which was shown by Jim Hansen of Ceres, California.

This was the second champion purchased by Hartnell within the past few months. The other one was a Chester white gilt at the National Berkshire Show last November. Also, Hartnell East Campus purchased a first place Chester white gilt and a second place Duroc gilt.

In the future, Hartnell will try to supply feeder pigs, young gilts, and young boars to youngsters and adults in the community.

Each year East Campus supplies feeder pigs in January for the Salinas Valley Fair and the Cow Palace; in May for the Monterey County Fair; and in June for the Watsonville County Fair.

The enrollment of the East Campus night classes is much larger than last semester. The day class enrollments are less, because many of last semester's students have found jobs; however, Mr. Lyman Fowler, head of East Campus, stated that the purpose of vocational training is to prepare the student for a job.

challenge," stated Mr. Ulrici. "The play was awarded the outstanding foreign play in 1955 and has had tremendous box office success."

## Washington Had Private Life too

"First in war, first in peace, and first in the hearts of his countrymen." Most people have heard these words, spoken by Henry Lee of our first president, George Washington.

Nearly everyone knows that Washington is referred to as the "Father of Our Country." And when the name "Washington" is spoken, the sentimental among us automatically think of a cherry tree and the boy who could not tell a lie. There are many small facts, however, that people generally do not hear or remember about him.

Washington was the son of his father's second wife. When he married he became the second husband of his famous wife, Martha.

Completing his formal education, Washington was given an important surveying job for the estate of Lord Fairfax. At that time Washington was only 16 years old.

### First President of U.S.

The first president, an Episcopalian, had no children of his own, but he and his wife adopted two of her grandchildren by her former marriage.

At his death Washington possessed 124 slaves; in his will, he directed that they be emancipated at the death of his wife.

The highest monument of its kind in the world was dedicated to George Washington in 1884—the Washington Monument, in the nation's capital.

Washington's birthday was first celebrated as a holiday in 1796, and is now observed in all states of the Union except Louisiana and Nevada.

## COACH BLUE...

(Continued From Page 1)  
tory over Antelope Valley.

"I have always wanted to coach at a four-year school," said Coach Blue, "but I will always remember the friendship and support of the Hartnell students and faculty."

## Soph Captures Editor's Position

Jerry McFadden, sophomore journalism major, has been named Panther Sentinel editor for the spring semester. McFadden succeeds Judy Wong.

Three members of last semester's staff are returning. They are Susan Knepper, Sam LoBue, and Violet Shiratsuki, all freshmen.

Stanley Nascimento and Ron Thompson are the new members of the staff. Nascimento is a transfer from San Jose State and Thompson is a sophomore engineering major.

Associated staff writers include Linda Alsop, Tom Alderson, editor of the literary magazine, "Seed," and Miss Wong.

Mel Thompson, freshman English major, succeeds Bob Thompson as advertising manager. Bob Thompson is no longer at school.

An efficiency expert is a man who knows less about your business than you do and gets paid more for telling you how to run it than you could possibly make out of it even if you ran it right instead of the way he told you to.

## A Cheap Price Is No Cure

for pimples, acne, face sickness. Time and again cheap price remedies have been tried and found wanting. Why? Because it takes more effective ingredients than cheap price remedies can give you to clear up your skin of these ailments. CLARIMACIN is not a cheap-price remedy. Discovered by a famous skin specialist, CLARIMACIN contains eight effective medically approved ingredients, a deep working cleanser and a built-in massager—a complete 3-way treatment kit. It must clear your face in 10 days or its costs you nothing. Sold on money-back guarantee. Don't throw your money away on cheap price remedies. Save it and get CLARIMACIN at:

## Panther Netmen To Face Jags

Tomorrow night, at Hartnell, our cagers meet San Jose City College. San Jose is considered our toughest game.

Right now the Harts are tied for last place, but if we can win our remaining games, which are San Jose, Ca-

brillo, and Monterey Peninsula, there's a good possibility of us working our way to fourth place. As it stands now, Hartnell has lost seven league games and won two.

The Harts began with a squad of 13 cagers, and as now those remaining are Joe Chappell, Gary Dauberg, Buzz Green, captain; Sal Martinez, Brad Tomasini, Charles Noel, Truman Bankston, and new to the team this semester is Lawson Maddox.

This year's squad has been made up of almost all frosh starting players, starting their first year in college. Most of the team is considered inexperienced because of a completely different style, speed, skill, etc., that college basketball introduces.

Hartnell has a good defensive line and is in there, hitting constantly. The Harts' biggest disadvantage is their height compared to opposing teams.

Hartnell's basketball team has a great future, for next year the team will be made up of mostly returning lettermen, who will also carry with them the greatly needed experience that they lack this year.

So don't ever stop supporting your team and continue to show that Hartnell spirit, which you have been showing in the previous games. Just remember: "It's not what you do, but how you do it."

## Athletes Will Attend Playday

Hartnell will send participants to the junior college sports day hosted by San Jose City College on Feb. 27.

In this coed, invitational sports program a limited amount of students from each participating school will compete in one of four events. Hartnell delegates include:

Women's traveling basketball team: Beth Juri, Ann Salmon, Shirlee Crader, Dorothy Coop, Jeanette Prins, Connie Sauret, and Ruth Leavitt.

Tennis: Marie Closter and David Youngdahl, mixed doubles;

## Have You Heard?

By Paul Rauscher

Have you heard the latest. We "Harts" have a basketball team. From the attendance of the past few games, it seems that most of you don't know this. Also, some of you that do know and don't go to the games are alibiing with "just look at the scores."

Most of the people that go to the games will tell a different story. The games are a lot closer than the scores indicate.

Coach Muldoon's squad is made up of a great bunch of guys, playing first year college basketball and learning a little different type of basketball. They may not be winning all of the games but they are learning to play as a team and play to win.

One of the best things that could happen to them at the present would be a larger turnout at the games.

So get the lead out and start supporting!

## Hartnell Kittens Win Over Belles

Hartnell's women's basketball team defeated the Santa Cruz Belles in the Feb. 15 encounter to conclude the season with a 2-won-3-loss record.

Co-captain Beth Juri led the Hartnell Kittens' scoring with 27 points, followed by Carol Sue Burns, 15, and Shirlee Crader, 7.

Hartnell's impressive 16-6 first quarter lead thinned to 16-14 at the half. Second half found the Belles ahead 27-26; through the effective offensive work of both teams, the game halted in a 45-45 deadlock.

In the two-minute overtime, Santa Cruz possessing the ball,

Nancy Willis, women's singles. Bowling: Sarah Phillips, Kathy Kampa, Mike Gleason. Archery: Jo Anne Phillips, Marvin Baldwin, Roger Vyeda, Loydene Thayer.

Buses will leave Hartnell at 7:30 a.m. and return at 3 p.m. The group will be accompanied by Miss Ruth Dally, P.E. instructor and coach of the women's basketball team.

## WAA Basketball Contest Begins

Jeanette Giacomazzi, W.A.A. basketball manager, announces that women's intramural basketball tournament will be held from Feb. 18 to March 10.

Teams will compete during the noon hours in the women's gym under supervision of W.A.A. adviser, Mrs. Jack Middaugh.

## Rocket Team Wins Intramural Title

This year's men's intramural basketball came to a climax after a 25-game series with the Rockets team taking first place.

Second place went to "The Baseball Team," third place to "Peppy's Team," and fourth place to "Grossman's Team."

Players on Rocky's Rockets are Gino Stefanini, Roger Anderson, captain; Dan Belman, Bob Flores, Bob Rackley, John Batisich, Chris Machado, Bert Watson, and Bill Perez.

Coach Jess Regli said, "Because of so many noon classes there wasn't as much participation as there might have been, but the men who did play on the teams made up a good league."

Kitten guard Karen Allen grabbed a Belle rebound and passed to Beth Juri who sank the winning field goal.

## Baseballers Embark Season On Feb. 27

Hartnell's baseball team is in full swing.

Due to the continuation of rain it is difficult for Coach Jess Regli to make any definite predictions for the games of this season.

Last year's returning men are Robert Hirtel, Sal Martinez, Joe Palacio, Duane Schneider and William Wittman.

New to the team are Gary Afanso, Wayne Bereman, Don Blanton, Joe Chappel, Don Childers, Jud Davidson, Tony Guzman, Jim Hickcox, Eldridge Jones, Vernon Kemp, Loren Kienbaum,

Mike Mertz, Alec Moag, Dudley Morris, Jim Smith, David Thomas and Allen Jones.

Feb. 27 will open the season for a first doubleheader, non-conference game with Soledad Prison. The Harts will travel to Soledad in hopes of a victory.

The next five games following are with the Alumni on March 5, San Jose State Frosh on March 8, Soledad Prison again on March 12, Menlo College on March 15, and Santa Clara Frosh on March 22. For a complete list, check with the baseball schedules that are posted.

Coach Regli is very enthusiastic about this year's baseballers and predicts a greatly improved squad over that of last year.

## Manager Needed

This year's baseball team needs a manager. The manager will be expected to be out with the team every day between 2 and 4 p.m. He also should have Saturdays open, so that he can go on trips with the team. At the end of the season, he will be eligible for a jacket award.

So why not be a baseball manager. Think of all the fun and glory you can have!

Anyone interested in being the new baseball manager, see Coach Jess Regli in the Men's Gym.

## Don't just sit there!

You'll enjoy today's copy of this publication much more if you'll get up right now and get yourself an ice-cold bottle of Coca-Cola.

(Naturally, we'd be happier, too!)

### BE REALLY REFRESHED
